

FESTIVAL OF FLISH-LIGHTS

PREP

- Flashlight
- Black Construction Paper or Black Foam Paper is Ideal
- Scissors
- Clear Tape
- Printable Chanukah Images Stencil – [Click Here!](#)

PLAY

- Print off the Chanukah Images Stencil.
- Using the stencils, cut out the shapes from the foam paper or doubled construction paper. If it's too small for little hands, the adults or older kids can make the flashlights and the younger kids can play with them – hopefully they'll give you a turn to play too.
- Tape the images onto the face of the flashlight (doubling up the images).
- Turn off all the lights and project the light and shadows onto the wall!

PONDER

The Jewish people are said to be 'a light unto the world'? What can we do to be a light unto the world?
